- Represented the lead lender in the foreclosure of a \$57 million participation loan on a condo-hotel located in Orlando, Florida. The foreclosure was the result of a settlement involving the inclusion of additional adjacent property, which allowed the lenders to quickly re-sell the property after foreclosure. The negotiations also involved the hotel maintaining its flag.
- Completed the \$12 million foreclosure of a mixed-use property. Managed the proceedings, appointed a receiver and negotiated a confidential settlement with a guarantor.

- Successfully represented a lender in the foreclosure of a student housing apartment complex in Tallahassee, Florida. The representation involved obtaining a rents sequestration order, appointment of a receiver, and a favorable ruling as to the contest maturity date of the loan. The foreclosure was complicated by the fact that there were over 30 borrowers structured as a "TIC Loan."

- Completed a confidential settlement agreement of a \$7 million deficiency judgment against guarantors on behalf of a national banking institution.
- Completed the \$4 million foreclosure of a distressed retail center. This was important to the client, as it was the first time they were required to foreclose on a Florida asset.

- Completed the \$10.3 million foreclosure of a distressed retail center involving a dispute with the principal borrower about the turnover of rents and security deposits.
