

Bert Chollet

Shareholder

Nashville | 615.726.5741 | achollet@bakerdonelson.com

Bert Chollet practices in all areas of construction law.

Bert Chollet is a shareholder in Baker Donelson's Nashville office and a member of the Construction Group.

Bert brings a wealth of experience in counseling clients in the construction industry. He provides a full range of transaction and dispute resolution services in connection with projects located throughout the United States and internationally.

Bert's representative experience includes numerous industries such as advanced manufacturing, electric vehicle, health, hospitality, energy, and government contracts, among others. As a member of Baker Donelson's Electric Vehicle and Infrastructure Team, Bert is deeply engaged in representing clients operating in and adjacent to the electric vehicle and electrification industries. He represents OEMs and manufacturers in EV battery and component manufacturing projects and advises clients concerning related infrastructure and development projects. He adeptly assists his clients in navigating a wide variety of matters, including but not limited to contract negotiation, litigation and arbitration, project disputes relating to delays, impact and quantum claims, change order disputes, design claims, mechanics liens, surety bond claims, bid disputes, wrongful termination, and MBE and DBE matters.

Prior to joining Baker Donelson, Bert practiced at law firms in Chicago, Illinois and Memphis, Tennessee. Before practicing law, he served as a judicial clerk for the Honorable Holly M. Kirby. Bert joined Baker Donelson in January 2020.

Representative Matters

- Represent the owner of a dual brand, multi-tower high-rise hotel project in litigation and post-completion sale of ownership entity. Claims in litigation include contract and delay claims exceeding \$50 million.
- Successful representation of a general contractor pursuing contract claims in an arbitration arising out of a manufacturing facility, recovering \$17 million in damages.
- Represent a subcontractor as lead trial counsel in litigation arising out of the construction of a mixed-use 34-story, 380-unit residential tower located above retail, entertainment, and cultural amenities. Total claims at issue exceed \$5 million.
- Advised a foreign-based contractor in connection with an EPC petrochemical contract in excess of \$1 billion.
- Advised a foreign-based owner in the negotiation of a design-build contract for an electric vehicle battery plant in excess of \$1 billion.
- Advised a foreign-based owner in the negotiation of design and construction contracts for an automobile component manufacturing facility in excess of \$30 million.
- Advised a foreign-based owner in the negotiation of a design-build contract for an electric vehicle component manufacturing facility in excess of \$10 million.
- Represented a general contractor in connection with contract disputes arising out of construction of an automotive component manufacturing facility, receiving an award of over \$17 million at trial.
- Represented a foreign owner in connection with defense of a \$52 million delay claim arising out of the construction of a consumer goods manufacturing facility.

- Advised a hospital in connection with contract negotiation and contract claims arising out of the construction of numerous MOB, ambulatory, and other related facilities projects.
- Advised a developer in connection with contract disputes arising out of a \$190 million hospitality project.
- Represented a large commodities supplier in numerous contract disputes and contract negotiations throughout the United States.
- Advised a defense contractor in connection with the negotiation of contracts and claims arising out of an ordnance manufacturing facility.
- Advised an owner in connection with the negotiation of contracts and claims arising out of \$10 million consumer goods project.
- On behalf of a major automobile manufacturer, prepared an engineering, procurement, and construction (EPC) contract for use on projects throughout the United States and prepared FIDIC special conditions for use on international construction projects.
- Counseled a United States government defense contractor in connection with a contract for radar installation at an international military base. Advised the contractor regarding federal contracting issues, subcontracts, and compliance with various treaties, armed forces agreements, and local laws.
