Alexandra P. Moylan, CIPP/US, AIGP

Shareholder

Baltimore | 410.862.1167 | amoylan@bakerdonelson.com

Alexandra P. Moylan is a shareholder in Baker Donelson's Baltimore office and a member of the Health Law Group and the Data Protection, Privacy and Cybersecurity Team.

Alex is a seasoned health care and business attorney with a track record of representing major medical systems, health care providers, life science companies, and other businesses. Her experience spans clinical research and development, contracting, privacy compliance, technology, and enterprise risk management, including risk assessments and mitigation strategies. Alex advises businesses on governance and risk management policies specific to technology and provides corporate education on AI.

As a Certified Information Privacy Professional (CIPP/US), Alex advises clients on navigating the complexities of compliance with data privacy and protection laws governing the collection, use and processing of personal data, sensitive personal information, and protected health information. She assists clients in drafting privacy policies, notices, disclosures, and consents. Alex is also a Certified AI Governance Professional and leverages her experience in data privacy to provide invaluable guidance to businesses on AI governance and risk management, adeptly staying ahead of regulatory shifts domestically and internationally.

Alex focuses on crafting and reviewing critical business and technology agreements, including master service agreements, licensing agreements, and informed consents, tailored to the specific needs of health care, life science, and technology companies. She also guides her clients through the intricacies of clinical trials in the European Economic Area, ensuring compliance with the EU-Clinical Trial Regulation, GDPR, and other regulations.

Clients trust Alex for her adept negotiation skills and strategic business advice. From burgeoning startups to established corporations, she skillfully guides her clients through various business challenges, always with an eye on achieving their strategic goals. Recognized for her hands-on approach and meticulous attention to detail, Alex combines legal acumen with strategic thinking to safeguard her clients' interests across transactional and litigation matters.

Beyond her legal practice, Alex is a respected thought leader who frequently shares insights through lectures and contributions to her areas of experience. Committed to making a difference beyond her professional endeavors, she engages in charitable initiatives in Baltimore. Alex is a native Spanish speaker with family in Puerto Rico and El Salvador.

⚖ Representative Matters

- Drafted template agreements and terms of use for clients developing AI software for use by life science and health care organizations and advised on regulatory compliance and data privacy issues.
- Provided strategic counsel on AI ethics, governance, and risk management to health care, technology, and life science organizations, helping them navigate the complex and evolving landscape of AI regulation.
- Assisted with the development of internal documents related to AI procurement, vendor management, and data use.

- Provided privacy advice and counsel to clients on collecting, processing, and using personal data to comply with GDPR and US federal and state privacy laws, including drafting informed consent and authorization templates and notices of privacy practices.
- Developed master clinical trial agreement templates and negotiated numerous clinical site agreements, investigator-initiated trial agreements, letters of indemnification, NDAs, informed consent forms, and other documents involved in all phases of clinical research and product development for U.S. and international clinical trials (EU, APAC, and Latin America).
- Negotiated complex data licensing and data sharing agreements.
- Conducted compliance reviews and drafted agreements for CROs and SMOs, including reviewing standard operating procedures.
