

Sheila Burke Featured in Medical Economics Discussing Key Health Care Policy Issues Under a New Trump Administration

Sheila Burke, chair of Baker Donelson's Government Relations and Public Policy Group, spoke with Medical Economics to discuss how the incoming Trump Administration could impact key health care policy issues. In this series of videos, Ms. Burke brings her perspective from a career that includes serving 19 years on Capitol Hill to share insights on what to expect in a range of areas, including Medicare and Medicaid programs, the ACA, drug pricing, and insurance regulatory reform.
