

Kevin R. Garrison

Shareholder

Birmingham | 205.250.8333 | kgarrison@bakerdonelson.com

Mr. Garrison concentrates his practice in construction litigation and represents owners, contractors, subcontractors, design professionals, design firms, and suppliers in all aspects of construction disputes.

Mr. Garrison concentrates his practice in construction litigation, and is one of the few attorneys in Alabama accredited by the [U.S. Green Building Council \(USGBC\)](#) as a Leadership in Energy and Environmental Design Accredited Professional (LEED AP®). This credential allows Mr. Garrison to help clients proactively examine and prepare for the unique qualifications and risks that are involved in green construction projects.

As a construction attorney, Mr. Garrison represents owners, contractors, subcontractors, design professionals, design firms, and suppliers in all aspects of construction disputes, from construction contract drafting and negotiation to mechanics' liens, contractor licensing issues, insurance claims, payment and performance bond claims, retainage issues, litigation, and arbitration.

In addition to his construction practice, Mr. Garrison represents clients in connection with premises liability, nuisance cases, business torts, wrongful death, and commercial motor vehicle litigation. He is also experienced in appellate work and general business litigation involving non-compete agreements, obtaining temporary restraining orders and other injunctive relief, receivership cases, employment discrimination cases, contract disputes, and personal injury defense.

Before joining Baker Donelson, Mr. Garrison worked in the office of the governor of Alabama and was a law clerk to the Honorable W. Keith Watkins, Chief Judge of the United States District Court for the Middle District of Alabama.

Representative Matters

- Successful appeal of a trial court's denial of a motion to compel arbitration before the Alabama Supreme Court.
- After a five-day arbitration on behalf of a general contractor, received an award enforcing a prior settlement agreement and dismissing the owner's attempts to recover over \$3 million in damages from the contractor.
- Multiple appearances and matters before the [Alabama Licensing Board for General Contractors](#) and the [Alabama State Board of Licensure for Professional Engineers and Land Surveyors](#).
- Obtained the dismissal of a multi-million-dollar claim against an engineering firm without discovery in state court, a decision affirmed by the Alabama Supreme Court.
- Obtained a multi-million-dollar settlement for an owner against a general contractor for defective roofing work at a prominent religious facility.
- Obtained summary judgment in excess of \$1 million for a general contractor's unpaid retainage relating to work at a wastewater treatment plant.
- Obtained a favorable settlement for a railroad contractor against a quarry owner.
- Assisted a client with hundreds of contractor and engineering licensing issues in 48 states.
- Obtained dismissal of counterclaims and a half-million-dollar arbitration award against a general contractor on behalf of a window subcontractor after a five-day arbitration over leaking windows and repair costs.

- Assisted a construction company in recording mechanics' and materialman's liens reflective of extra costs for the construction of a hotel. Upon review of the loan and construction documents, our team determined that the lien had priority over the hotel lender's mortgage, which put a great deal of pressure on the owner and lender to resolve the lien. Without having to engage in any discovery or additional litigation, we obtained full payment for the client in exchange for a release of lien and dismissal of the lawsuit.
- In arbitration, represented members of a real estate development entity seeking contributions from minority partners for expenses incurred in a failed development project.
- Won \$3.2 million in damages on behalf of a subcontractor in a lawsuit filed against the prime contractor arising from the construction of an interstate exchange. The court denied all the prime contractor's counterclaims, which totaled over \$2 million.
- Defended a large food processor and distributor against lawsuits filed by growers relating to alleged breaches of the applicable poultry agreement, negligence, contamination of feed, and poultry "bed bug" infestation, among other nuisances.
- Represented a major food processing and distribution company in the litigation and mediation of claims related to a catastrophic cast-in-place concrete floor collapse at a production facility, which resulted in over \$3 million in damages. Advised the company regarding interaction with OSHA, builder's risk and general liability insurance coverage, defense of counterclaims, and recovery of damages.
- Represented a lead design firm in contract negotiations with a design-builder for a state construction project in excess of \$1 billion utilizing a progressive design-build delivery method.
- Reviewed a proposed EPC agreement, including the review of terms, contractual risks, and providing proposed modifications, for a \$7 million solar energy project in the Southeast on behalf of a contractor responding to an RFP.
- Represented a contractor in negotiating terms for a \$90 million public-private partnership (P3) project agreement involving the construction of a multi-jurisdictional stormwater recharge reservoir.
- Negotiated construction and design contracts on behalf of a beverage company for a new \$200 million manufacturing facility.
