Shareholder

Nashville | 615.726.5771 | [eramage@bakerdonelson.com](mailto:eramage@bakerdonelson.com)

Edward Ramage concentrates his practice in the areas of patent and intellectual property law and litigation, including the protection and management of intellectual property asset portfolios.

Mr. Ramage's patent prosecution experience includes preparing and prosecuting applications for medical devices, health care IT systems, oil and gas technology, computer-implemented business methods, computer software and hardware systems and networks, fabrics, film labels and adhesives, enhanced petroleum recovery, and electronic and mechanical devices.

His litigation experience includes copyright, patent, trademark and trade dress litigation in federal and state courts, including Inter Partes Review (IPR) and Covered Business Method (CBM) actions, as well as Post Grant Review proceedings before the Patent Trial and Appeals Board (PTAB).

He is licensed to practice before the U.S. Patent and Trademark Office, and is admitted to the United States Sixth Circuit Court of Appeals and Federal Circuit Court of Appeals.

He graduated from Harvard University cum laude with a degree in Geological Sciences, and received his Engineer (Master's) degree from Stanford University, where he studied at the Stanford University Petroleum Research Institute. He was employed as a petroleum engineer with Shell Offshore, Inc. in New Orleans, Louisiana for four years before attending the Vanderbilt School of Law. While at Shell Offshore, Inc., he designed and programmed the strategic planning program for calculating the comparative economics and production of all oil and gas reserves for all divisions of the company, and designed and programmed the database program for the monitoring and reporting of wellhead pressures for production platforms in the Gulf of Mexico. He also was employed as a petroleum consultant for two years by Warren K. Kourt & Assoc. in Palo Alto, California.

## Patent Prosecution and Analysis

### *Medical Devices & Technology*

- Intraocular Multifocal Lens
- Corneal Surgical Instruments
- Image Guided Surgery (IGS) Trackers
- Image Segmentation of Human Organs
- Ablation Needle Localization
- Irreversible Electroporation (IRE) Guidance Collar
- Abdominal Surface Matching for Image-Guided Therapy (IGT)
- Tracked Surgical Tool Adapter
- Ultrasound Tracking Adapter
- Chitosan-Coated Calcium-Sulfate for Medicament Delivery
- Chitosan/Nanocrystalline Hydroxyapatite Composite Microsphere Scaffolds
- Photonic Band Gap (PBG) Multilayer
- Optical Sensor Based on Surface Electromagnetic Wave Resonance in PBG Materials
- Method for Corneal Reformation
- Medicine Cap Timing Apparatus
- Device for Single Parameter and Multiparameter Phenotyping of Cells
- Minoxidil Colorant
- Teeth-Whitening Formulation
- Optoacoustic Glucose Monitoring
- Blood Glucose Monitoring Strip
- LED Light Therapy Devices
- Photobiomodulation Pad for Wound Healing
- Skin Puncturing Safety Needle
- EKG Mask

### *Health Care Information Technology (IT)*

- Individual Health Record (IHR) System
- Health Care Delivery System
- Anesthesiology Tracking and Billing System
- Pathology Lab Management System
- Diagnosis Through Computerized Image Analysis
- Patient Flow Tracking with RFID
- Medical Imaging Storage and Transmission System
- Investment Evaluation System
- System for Evaluating Patient Care Outcomes
- Health care Industry Self-Pay Management System
- In-Home Health Monitoring Apparatus
- Medication Adherence System
- Emergency Medical Services Registration System
- Diagnostic Testing System

## *Computer-Implemented Business Methods*

- Mobile Device Peripherals Management System
- Financial Planning and Management System
- Real-Estate Appraisal Evaluation and Scoring System
- Flight Operations Center Unified Simulator
- Disaster Training, Simulation and Response System
- Asset Management System
- Insurance Claims Processing System
- Internet Access Gating
- Method for Correcting Data in Financial Documents
- System for Correcting MICR Data Fields
- Ambient Software Integration System
- Knowledge Discovery Agent System
- Voice-Driven User Interface
- Agent-Based Clustering of Abstract Similar Documents
- Hierarchical Ant Clustering and Foraging
- Characterizing Software Agent via Multi-Agent Clustering
- Self-Organizing Agent-Based Distributed Ensemble Optimization
- GPS Rating System
- Gasoline Savings Identification System
- Merchandising Amplification via Social Networking System
- Target Advertising System
- System for Creating Customer Intimacy with a Brand with Viral Marketing
- Customer Referral Program
- Travel Reservation System
- Automated Ticket Processing System
- Method for Buying and Selling Stocks and Securities
- Relationship Performance System
- Work Roles Yields Management System
- Reciprocal Data File Publishing and Matching System
- System for Dynamically Applying Line Breaks in Text
- Affect-Sensitive Intelligent Tutoring System
- System for Efficient Forwarding Information Base (FIB) Caching
- Multi-Channel Employee Training System
- Corporate Actions Monitoring and Notification System
- Content Delivery System via Distributed Servers
- Legal Project Management System and Method
- Website Content Analysis and Scoring System
- Task Prioritization System
- Rule 10b-5 Trading Management System
- System for Detecting, Analyzing and Controlling Hidden Data Embedded in Computer Files
- System for the Secure Processing of Securities Transactions
- Distributed Access Point Authentication and Access Control with Validation Feedback System
- Document Library Indexing System
- Mapping Landmark Position and Orientation for Inventory Management

## *Alternative Energy & Petroleum (Oil and Gas)*

- Downhole Packer Testing Apparatus
- Hydraulic Fracturing with Cross-Linked Gels

- Wellbore Drilling Advisory System
- Offshore Drilling and Production Platform Training System
- Wastewater Remediation and Treatment System
- Toxic Metal Adsorbent Composition
- Hybrid Trailer with Regenerative Braking
- Compressed Air Engine and Power Train System
- Vertical Wind Mill
- Multiple Wind-Turbine System
- Wind Aeolipile with Variable Diameter Interior
- Debris Material Tracking of Removal and Processing
- Switched-Reluctance Apparatus for Hybrid Vehicles

*Sporting Goods & Games*

- Helical Golf Tee
- Golf Club/Wedge
- Shifting Center-of-Balance Weights
- Electric-Powered Kart
- Remote-Controlled Speed Controller for Go-Kart
- Sweat Liner for Sunglasses
- Game for Teaching Fundamental Financial Skills and Responsibility
- Chess Variant
- Privacy Wind Screen
- System for Calculating Optimum Hunting and Fishing Times
- Softball Pitching Mat
- Baseball Bat with Variable Weighting
- Portable Shooting Range
- Sports Training Instruments with Variable Resistance (golf, baseball, softball, lacrosse, tennis, hockey, field hockey)
- Combined Speed Detection, Video and Timing Gun
- Game Table for Marbles
- Desk for Use While Exercising

*Electro-Mechanical & Industrial*

- Universal Variable Transmission Line Hanger for Telecom Cables
- Panelboard and Electrical Power Distribution System
- Stimulated Emission and Enhanced Detection of Chemical Compounds
- Deployable Rectangular Truss Beam
- Deployable Triangular Truss Beam
- Process for Producing Foamable Metals
- Alert System for Commercial Dishwashing Sanitizing Agent
- Vapor Removal System for Commercial Dishwasher
- Shower Trench Drain
- Electric Generator and Motor Drive
- Traction Drive Control System for Small Motor Vehicles
- Adjustable Spindle Assembly for Grass Trimmer
- Portable Rotisserie Grill
- Cooktop Grill
- Flexible Size Adjustable Filter Element
- Formed Building Element for Construction
- Apparatus for Cooling AC Condensing Coils

- Motorcycle Fender
- Motorcycle Mounting Bracket for Portable Computing Device
- Light Bulb Extractor
- Low-weight Mobile Armored Vehicle with Assault Gun
- Film Label Coating
- Reverse-Printed Film Labels
- Wet Glue Labeling Apparatus
- Method for Applying Cast Finish to Printed Substrate
- Kiosk for Providing Insurance Services and Products
- Ultrasonic Leak Detection for Automobile Production Line
- Laser for Frequency and Carrier-Envelope Offset Non-Destructive Testing
- Secure Door Lock
- Light Switch Cover
- Dishwasher Mounting Device
- Ceiling Fans
- Reusable Microfiber Cleaning Fabric
- Mattress Protective Flame Barrier
- Awning Brackets and System
- Sunscreen Application Booth
- Piano Wire Manufacturing Method
- Treadmill for Use With Wheelchair
- Adjustable Wheelchair Handrim
- Motion-Based Power Assist System for Wheelchairs
- Scissor Lift
- Tire Rotary System
- Greensand Mold Evaluation Apparatus
- Automatic Calibration of Stereo Images for Robot System
- End Effector for Robotic Arm or Manipulator
- Image-Based Inventory Tracking and Management
- Distributed Printing System and Kiosk
- Electric Solenoid with Adaptable Connectors and Mountings
- Spherically Housed Loudspeaker System
- Robotic Tracked Climbing Machine
