Practising Law Institute Free Fridays

Each Friday, PLI offers everyone one week of free access to one web segment or One-Hour Audio Briefing from its catalog of more than 3,500 hours of on-demand offerings. These Free Friday segments are good for one full hour of CLE credit, and can be passed along to clients, colleagues or anyone in need of training.

Free Fridays are brought to you by the PLI SmartBrief, a free daily e-newsletter that delivers all of the legal news you need (plus Free Fridays!) right to your desktop. Editors handpick key articles from hundreds of publications specifically with practicing attorneys in mind, summarizing the content and linking back to the original sources.
