## **Alisa Chestler Discusses Interim Policies and Procedures for CISA in *Bloomberg BNA***

Attorney General Loretta Lynch and Secretary of Homeland Security Jeh Johnson are expected to submit interim policies and procedures for the Cybersecurity Information Sharing Act (CISA). In this Bloomberg BNA Privacy Law Watch article, Alisa Chestler talks about the specifics of the interim policies.

"Many of these policies should be procedural and hopefully show the lifecycle of the parties involved from the government side—i.e. when something will be investigated from a more expeditious manner and who will be involved if the threat is from a particular country of known avenue," Ms. Chestler said.
