## Durable Medical Equipment, Prosthetics, Orthotics and Supplies

**Baker Donelson represents suppliers of Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS). We assist all types of DMEPOS suppliers with issues related to:**

- Medicare enrollment
- Advice on Medicare coding
- Coverage of both DME and O&P items
- The appeal of denied claims
- Accreditation standards and documentation requirements

Given the increasing attention to and scrutiny of DMEPOS suppliers by both federal regulators and enforcement agencies, we also help our clients navigate the maze of fraud and abuse laws to ensure compliance related to marketing and arrangements with other health care providers.
